DESIGN

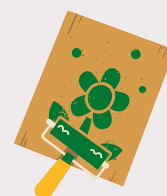

We can adapt the envelopes to your image, with your logos, your typos, your visuals, your messages...

Printing on top and bottom paper or on film.

Printing in 1 to 4 colours depending on the structure of the envelopes:

1 to 3 colours on the top film/paper

1 colour possible on the bottom paper

MATERIALS

Structure PAC-LIST - 2 polyolefin films.

Structure ECO-LIST - Paper base + 1 polyolefin film.

Structure PAPER-LIST CRISTAL - 100% paper - transparent ok QR CODE.

Structure PAPER-LIST KRAFT - 100% paper.

Structure FAST-LIST PAPER - 100% paper.

Structure FAST LIST FILM - 1 polyolefin film.

Structure STRONG-LIST - 2 thicker and more resistant polyolefin films.

TECHNICAL DATA

Depending on your needs, we can offer you technical modifications to the envelope.

EXAMPLES :

- Increase the weight of the glue.
- Choose different adhesives, such as removable glue or a special freezer or deep-freeze adhesive...
- Permanent edge-to-edge openings.
- Overlapping of the top film.
- Non-adhesive envelopes.
- Paper strips to wrap electronic products and avoid static.
- Small side opening.
